Miss Margaret Gillespie,
315 Pine Ave. W.,
Montreal, Canada.

My dear Miss Gillespie:-

Your letter of September 23rd has been following me about and reached me Thursday just as I was leaving for Washington.

You ask if I am to be in Canada during the coming season. I am to speak to the Women's Clubs of Toronto on October 15th, but I have only two days at this time, and must be back in New York immediately, so it will be impossible for me to go to you.

I should enjoy very much making the trip you suggest but I have very little time for speaking and after October it is all mortgaged until late spring, to the Coit-Alber Lyceum Bureau, excepting of course what I do for the Woman's Committee and the Food Administration.

The agent who is in charge of the work of this bureau in New England and Canada, is Mr. D. D. Brooks, 314 First National Bank Bldg., Syracuse. If you can arrange satisfactory with Mr. Brooks for these engagements, in the time that he has at his disposal, I shall be glad to come to you. Otherwise I could not until late in the spring.

Let me say, my dear Miss Gillespie, how much I appreciate your desire to have me come to Montreal.

Sincerely yours,
