

June 30, 1939

Dear Mr. Manny:

Thank you for your letter of June 11th. It has been neglected because I have been out of town for some time.

It was very kind of you to write me about "All in the Day's Work."

If your friend at Henry Street Settlement cares to call me up in the Fall when I come back to my desk I shall be glad to talk with him.

What an interesting story you tell of your negro boy in New Orleans. You have the making of a scholar I should say.

Thanking you again for your letter and with the best of success, believe me

Very sincerely

Mr. Frank A. Manny
Boxford, Mass.
