

KNOX COLLEGE
GALESBURG ILLINOIS
OFFICE OF THE PRESIDENT

August 31, 1928

My dear Miss Tarbell:

Since I received your letter at Nonquitt, giving me the good news that you would plan to be with us this fall, I have been so constantly on the move that I have only just begun to get down to earth. Now I am back at the college where I hope to welcome you later, and I have a few minutes to tell you of our pleasure in your coming and of our entire approval of the plan you suggest. Your outline will, I am sure, appeal to our students.

May I repeat again that you need have no concern whatever about such matters as attendance, credit, examinations - if there should be any - or any of the other technical academic matters. I will designate a member of the faculty to take care of all such details. As soon as your engagements permit you to set a definite date I shall be glad to know of your detailed plans.

I think when I saw you in New York I spoke of our Lincoln-Douglas celebration on October 6. We hope to make this a distinguished affair and we should like to have with us all of the Lincoln lovers possible. I do not know what your plans are at that time or whether it would be convenient for you to be in this part of the world. If you could arrange to be with us then, even though your residence did not begin for another month, we would esteem it a high privilege.

Cordially yours,

Albert R. R. R.

Miss Ida M. Tarbell,
120 East 19th Street,
New York City.
