Mr. S. R. Bridges,
Healy Building,
Atlanta, Ga.

My dear Mr. Bridges:

I was not in New York last week, so that your letter of March 25 reached me only yesterday.

I feel uncomfortable over the situation. I quite understand how difficult, and probably impossible it would be for you to make out a full week for me. If Telladega doesn't take a substitute and you can combine it with Raleigh - preferably giving me Raleigh as the second date - and put them in towards the end of the week of April 23, why, I will go. But please let me know as soon as possible.

I agreed of course to go to Raleigh anyway. I dislike of course to make it difficult for you, and I am afraid I have. If possible, I should like to have the Raleigh date come on Friday, the 28th or Saturday, the 29th so that I can run down to Beaufort for Sunday, the 30th.

I should appreciate it if, when the dates are fixed, you would wire me just what they are so that I can make my plans. I really am very much driven just at present, dear Mr. Bridges, and want to get this matter settled as soon as possible.

Very truly yours, .
