My dear Mr. Stearman:

I have just returned from a little holiday and find your letter of August 5th, asking information about the descendants of Robert Mitchell and Sarah Shipley. I have very little material in regard to the Mitchells and Shipleys and what I have is packed away where I cannot put my hands on it. I am sorry.

I think, however, if you would write to Dr. Lewis A. Warren of the Lincoln Historical Research Foundation, Fort Wayne, Indiana you would be able to learn whether or no the information you want is in existence. Dr. Warren has the most complete records of the Kentucky families connected directly and indirectly with Abraham Lincoln of anyone that I know.

Regretting that I am not able to be more helpful, believe me

Very truly yours

Mr. Richard K. Stearman
Mora, Missouri
