My dear Miss Tarbell--

I am writing a newspaper syndicated serial titled "The Turning Point in my Life." Or, rather, those who are giving this turning point are doing the writing. The stories go out to Mid-West papers through the Thompson Feature Syndicate. I wonder if you will not be good enough to dictate several hundred words to your stenographer, and send, with your photograph, to me. It is asking a good deal, but the returns, really, are of some value.

Cordially-
