

September 16, 1936

Dear Miss Cutler:

I have just returned to town and find in my mail a copy of a letter from Emanuel Hertz resigning as President of the Lincoln Fellowship because as he says, you had told him that I had previously been elected President. I am a little hazy about what happened at that dinner the outcome of which, as you know, has caused me considerable annoyance. However, I have put down in a letter to Mr. Hertz, a copy of which is enclosed, what I recollect.

Will you not be good enough to return the letter with any comments.

Very sincerely yours

Miss Cutler
