

Aug. 4, 1922

Rev. Oscar E. Maurer,
311 Temple St.,
New Haven, Conn.

My dear Mr. Maurer:

Thank you for your cordial invitation to speak at your Community Vesper Service sometime next winter.

I should like to do it, and if we can arrange it, I will be glad to go. However, I shall have to ask you to make the arrangements through the Boston lecture bureau to whom the time that I have for speaking is mortgaged. I have written that I shall be glad to go to you for the honorarium of \$60., which you suggest.

This of course is not the fee which they usually demand in making engagements for me, but they are willing to make special arrangements in cases like yours when I request it.

As to the time when I could go, I am not quite sure but I think I could make it perhaps the third Sunday in January, if this would be satisfactory to you. I could not go there for the second Sunday.

As for the subject, I shall be glad to follow your suggestion and talk of the responsibilities of women as I see them, in relation to a larger and better world civilization.

Hoping that the Bureau will arrange promptly and satisfactorily with you, I am

Sincerely yours,
