Dear Mr. Wessen:

Thank you for sending me this interesting catalogue on Lincolniana. It is quite worth while. I have most of the pieces listed - possibly all of them, but that I could not say without taking the time to check up. But I am most glad to know that there is somebody like yourself that is using discrimination and knowledge in offering Lincolniana.

I shall appreciate it if you will continue to send me copies of your Lincoln lists as you publish them. And if you see Miss Knittle will you not thank her for suggesting my name to you.

Very truly yours
