

July 24, 1929

Mr. Stanley Shirk
175 Broadway
New York City

My dear Mr. Shirk:

Thank you for your letter of July 16,
with the charts illustrating your "mass psychology" theory.

Extremely interesting I find them. I must get time
to study them more carefully before I can make an intelligent
comment. That you have got hold of something I am sure. I
shall be grateful if you will send me anything further that you
work out. I am getting a large mass of correspondence about my
"Liberty" article - a great deal of strong disapproval, some
strong approval, and now and then an intimation that I must be
a hard drinker. Such a conclusive argument!

Sincerely yours
