Mr Paul M. Angle
Lincoln Centennial Association
Springfield, Ill.

My dear Mr. Angle:

Would it be possible for you
to send me copies of your first eleven Bulletins? I have
No. 12. Send with bill, of course.

Are you still expecting to publish in February your
collection of new Lincoln letters. And if so, do you want the
items that were turned over to me by Tracy? I would like to know
about this as soon as possible for, as I told you, I feel under
obligations to tell Tracy's story, sooner or later, and I should
like to put in the article a few of these letters. That kind of
publication of course would not make them useless for your col-
lection.

Sincerely yours
