Dear Viola:

I am going to ask you to do me another professional service - look over the enclosed which I have written for my Preface and sweat over so that I have no longer any notion about it. Please improve it all you can and give me your notion of the way it strikes you.

I hope you are enjoying the Pig and Whistle as much as you seemed to be when I was there. I don't believe you realize how much I enjoyed being with you quite apart from the great service you did me.

Did you get the check I sent you? I do not find it in my cancellations. It was sent on February 20th, Number 5384, Bankers Trust Company.

Affectionately

Miss Viola Roseboro
