February 5 1923

Dear Mr Siddall :---

Your letter which crossed mine, received this morning. I am inclosing clipping from Chicago Tribune of yesterday that may have escaped your Eastern eyes. These are OUR Smiths referred to.

I have another string to pull-- a Springfield friend has asked me down for a "function". I don't like the woman or the function but I shall go down tomorrow and see if I can find someone during a couple of days' stay who might remember about that trip of Mr Lincoln's.

I will write you result. I now know more about Abraham Lincoln than any other person in the WORLD ! I'm sure.

Sincerely Yours

Elizabeth Hous Tolson
