

[illegible]

But he knew in G. E. couldn't be unreasonable
in the grocery store they argued whether or not
it was equal to putting all machines.

The G. E. men - 800 close engineers - quality - ^{tried to} ~~hating~~ of
making all such - talk of Whittney - free design G. E.
Leland - put pressure up a - didn't get a
filled their idea - "organization should go up a -
the inspectors & stuff these - coming down in
the top of the wheel" -

"Twenty character in that" - almost once his
believe of let it go - told as proof of his un-
willingness to yield himself.

My - even believe to these these new hard
man - grow at the thought - they sell even - he
never seen them -
Rumors any piece to it free - he knows no one
there - at V. H. - a - solve - form - with -

Salaries of Whittney - ~~at~~ - must - difficult scale
of professional salaries - W. on board - no
background - public action - mind - see what
you do not - now analyzing piece of money -

Digitized Image, 2011, The Ida M. Tarbell Collection, 1890-1944, Allegheny College Pelletier Library.

The interest of you in Labor Capital difficulties
2 the way the attached story puzzled me.
I never had any experience - no knowledge
- no attention - In 1913 interest in all
our people - not in ways & conditions
which were good - but really no
discharge of union men - I could
believe it - possible - ^{idea} - shocked me -
certainly ^{much} after
them - As I surmised he lectures
boldly with no conventional bias - free
of prejudice & preformed beliefs that
men will do right thing when
there is mutual understanding
than doing a parcel & a party of
ways - difficultly -
complex this tells all the
