

MISS C. C. WARD
GRYMES HILL
STATEN ISLAND

into address
book

Dear Miss Tarbell,

Thanks for inviting me
to lunch May 31st, but I shall be up
to my shoulders here as I always am the
Decoration Day holiday. Won't you come
out & have lunch with my sister
and myself out here? I think you
have telescoped my sister & my self on
Civil War. As I was not born till few years
after it was over while I am interested
I have nothing to impart, while my sister
remembers some things besides having the
gift of the gab.

We lunch at 1.15. So if you can come
on the 12.30 boat so earlier I shall meet

you at the ferry with the car.

My chauffeur will bring this.

My sister's telephone is St George 7-6595

We fort sand on the sunshine all day so it possible sent your engagements to come early rather than to stay longer after lunch. The radio says we won't have snow. - but we have a comfortable home & your presence would give a memorable note to the holiday - I have invited Mrs Harry Hall's sister her mother to lunch & get the household but people wander in on a county antiques is to say farewell before departing for the summer. It is the day in the year that the largest number of people seem to come here.

It will be so much to see you

Cordially yours

Gertrude Wentworth Wood
