Dear Miss Ward:

Thank you for your note and invitation to Grymes Hill. I did not return quite so early as I expected and have been a little uncertain about my movements or I should have written you before. I find I must go out of town this week for a few days, including the Fourth. But when I return later in the month I am going to take you at your word and run down for an hour or so.

Thanking you for your patience with me, believe me

Very sincerely yours

Miss Caroline C. Ward
