JAMES B. SCHAFER

Miss Ida Tarbell
120 East 19th Street
New York, N. Y.

My dear Miss Tarbell:

On January 4th we completed our first year of active service.

During the year, in addition to perfecting a national organization embracing every state and territory of the United States, the Fund was able directly, and indirectly, to make it possible for several hundred deserving boys and girls to continue their educational pursuits.

We are now arranging for the holding of our annual meeting at which time each department of the organization will report on its activities for the past year, and formulate the program for the coming year.

A complete report of this meeting we expect to have ready for release for the press for Lincoln's Birthday, February 12th, and as a part of this report we are very desirous of having from you a statement containing possibly fifty words covering your thought relative to the Fund and the great need for its existence in the field that it has been established to serve.

The organization bears the name of the great Emancipator of human slavery and is endeavoring to assist those who, though financially handicapped, are struggling to free themselves from the bonds of mental slavery and the darkness of ignorance.

We would greatly appreciate it if this statement could be in our hands before February 11th, and same should be addressed to:

Honorable Dr. Ray Lyman Wilbur,
Lincoln Scholarship Fund, Inc.
New York, N. Y.

In advance we thank you for this support which we are sure you will be most willing to give.

Sincerely,

J. B. Vandever
J. B. Vandever,
President.
