**Miss Ida M. Tarbell,

New York City.**

Dear Miss Tarbell:

May I at this time express to you my genuine appreciation of the splendid work you have done in supporting the N.R.A. and in carrying on in such a very fine spirit. It is only through such patriotic consecration to a cause that we have been enabled to produce real results during the last four months.

I believe you will agree with me that the educational work among all of our club women and consumers has only begun. I hope that, regardless of what the future holds, you will use your influence wherever possible for the benefit of the President and his recovery program.

I trust that you will continue to carry on the educational work as planned and cooperate whenever called upon.

I have enjoyed working with you and hope we may often be associated in any public service which may be our privilege to perform.

Very sincerely yours,

Emma Dot Partridge

P. S. As you probably know, local N.R.A. authorities have turned over the work for Greater New York to the Federal Government. For this reason the future plans for the Women's Division are uncertain.
