

October 8, 1920

Mr. Charles W. Moores,
1300 Fletcher Trust Building,
Indianapolis, Ind.

Dear Mr. Moores:

I have not thanked you for sending me the copy of your Bar Association address on Lincoln as a Lawyer. It is quite the best thing I have seen on this side of him. I am very pleased to have it. I am putting in as a preface the letter which accompanied it.

I have not had time to look up Mr. De la Hunt's "History of Perry County." I think it is in the library here, as is Hobson's "Footprints of Abraham Lincoln," and I am hoping to get a day very soon to go through both.

As to Mr. Fortune, you may be sure that I shall keep after him. He must not be allowed to leave the world without having put his material into shape.

I remember with the greatest pleasure our talk about Lincoln, and I hope that you are going to give me the opportunity some time again when you are in New York to go on with it.

Very sincerely yours,
