

April 14, 1932

Dear Miss Chandler:

I am sending back to you the newspaper article and the copies of the letters relating to Mr. Bush's activities in 1922 in pushing his idea of a committee of business men to handle the Reparations situation.

I could give only a brief paragraph to what he did. I hope you will think that it is satisfactory, if not please so frankly.

I am enclosing what I have written on the point.

Very sincerely

Miss Gertrude Chandler
