Sundown and still the desire to understand men
and women still a pressing need. The fact is - the
fact that you will make the perfect contribution
that time is to be made to teaching during that
fateful disposition of "land fat" - to expel all decays
that is the failure of revolution - Breaking that
wall down - there will [illegible] - [illegible]
nothing but the dreams of Dr. Steel - you will
do work you will help improve self - indeed
a sense that it may [illegible] to more spiritual
more than [illegible] - something more
than obedience, patience - comfort - that [illegible]
intellectual & spiritual values deepened up in
our inhuman life of the dark that is in
something inside all [illegible]

Continue indeed of you [illegible] deeper than any
system man devise - Intuit your answers
do system [illegible] will fail - Still it almost
any system will - whatever with out -
Stop it is not it - it is [illegible] it is made
up of pure strings of the world [illegible] spirit
or [illegible] peace [illegible] justice are [illegible]
