

WHITING WILLIAMS
CLEVELAND, OHIO

May 14

Dear Miss Tarbell:

For a
matter of two months
I was off in the wilds
of Nicaragua and Central
America too far to
thank you for the book you
were so good to send me.

All the while, however,
it was being enjoyed
at home - both by my
father who used to be sec-
retary to General Grant
and also by my thirteen

your old son, Harter who
took the book to school
to show it and also, I
understand, made a re-
port on the story to his
school mates.

So it's needless to
say that I'm very grate-
ful for your sending
it!

I am hoping that we
are going to be able to
get together for a good
part of those days. I'm
to be, by the way, in New
York next Thursday but on
what looks like a crowded
schedule, including the
reading of a paper before the

local Toyfar Society at the Town
Hall Club where I hope I can
see you at least for a moment.
With cordialest wishes
— and congratulations on the
way you have made yourself so
generally useful to your fellow-
Sincerely
Whiting Williams.
