Dear Miss Tarbell:

We were so very pleased with your comment on Edna Yost's AMERICAN WOMEN OF SCIENCE that we showed it to Mr. Van Gelder of the New York Times and he is so pleased with it that he has asked if he may run it as a review under your name. Although I could not see why you would have any objection to allowing this, I consulted your friend Miss Snow before giving Mr. Van Gelder permission. She said she was sure you would be pleased to have this use made of your comment, so I have told Mr. Van Gelder that he may go ahead. I will send you the review as soon as it is printed.

You will be pleased to hear that the book is meeting with a welcome on every hand.

*With very warm regards and good wishes*  
Sincerely yours,

*Helene Dean Fish*
