JUSTICE OF THE PEACE

GRANGE FIRE DIRECTOR

Findlay Lake, N. Y., January 19 1923

Ida M. Tarbell

New York N. Y.

Dear Madam

Mr. Shum, handed me your letter and asked me to answer it.

You perhaps will remember me as the man that helped you to make the application for me & know who, when you were here, and I have been furnishing the Pension Department evidence as they would call for it ever since and it has terminated in our favor. I have taken up the matter with the County Judge, and have written him about you and he has not received an answer yet; but shall not advise his appointment. They have not stated the amount of back pay she will receive, but according to the amount of bond they require from the Guardian \$4000, I think it will be about \$2000. - Think perhaps the Judge would accept a Bonding Co's Bond, I think the Guardian appointed, must be a resident of New York State. Bonds must be filed in this County before, Check will be sent, and Guardian appointed. - I will write you soon again, David S. Osborn
