Miss Ida M. Tarbell,
120 East 19th St.,
New York City.

Dear Miss Tarbell:

On July 24th you wrote us, relative to a possible engagement for the Plantations Club at Providence, Rhode Island, that while you could not accept the date for them on October 10th, "if the Plantations Club could put it in some time after I finish with Mr. Stephenson in March I would try to manage it".

I have just had a telegram from the Plantations Club asking if you could come to Providence on Friday, March 16th.

Can you do this if you are through with Mr. Stephenson's work at that time? I believe you are and I will write Mr. Stephenson and Miss Barnette to find out.

In the mean time, kindly let me know if you will take the date provided you are, as I say above, free from the trip.

With kind regards, I am

Sincerely yours,
