Dear Mr. Gumma:

Thank you for your letter of July 8th reporting your correspondence with Chic Sale in regard to his use of "He Knew Lincoln" in his coming concert series.

I think you are quite right in saying that we should have information as to the amount of business he does even if it netted less than the sum he named. That sum is not really important at the present moment I think as to know how much business there is in the undertaking.

I am sure Mr. Sale will understand.

Very sincerely yours

Mr. Harold Gumma
