Allegheny College  
Meadville, Pennsylvania  
Volume 87

So different, each one of us,  
 representing diverse views, distinct goals.  
 We come from various backgrounds  
 in different locations.  
 How did it happen that we all,  
 traveling different roads,  
 came to discover Allegheny College?  
 (We have parents and siblings who came here.  
 We love the rain.  
 We were rejected from the Ivy Leagues.  
 We found AC by a stroke of luck in *Barron's*.)  
 The reasons why we came  
 are less important than the fact  
 that we did come here together  
 to take what the road through Allegheny offers —  
 as much (or as little) knowledge as we choose to grasp  
 good times and some not-so-good times  
 a new love  
 lasting friendships  
 a diploma . . .

For some of us leaving Allegheny,  
this picture of the open road  
may be appropriately paired with  
some words recalled from the Beatles album, *Abbey Road*:

Out of college, money spent,  
See no future, pay no rent.  
All the money's gone, nowhere to go . . .  
But oh that magic feeling,  
Nowhere to go.

For others, the road ahead  
has been carefully mapped out —  
to grad school, law school, med school,  
to a profession — now or later.  
And for others of us yet,  
we're going places on that open road (or hope to be)  
but we just don't know where to,  
which is part of "that magic feeling."
