Miss Ida M. Tarbell,
132 East Nineteenth Street,
New York.

My dear Miss Tarbell:-

I enclose for you a copy of my paper on The Need of Better Management in Mining Operations which Dr. Person requested by telegram. The paper which I enclose is the one which I delivered before the Taylor Society. As the telegram from Dr. Person read "papers" I will send you also a copy of a paper which I wrote in 1916. The tabulations for both papers are the same. The 1916 paper having been written for reading by those who already knew mining, I merely enlivened it for delivery before an audience.

Very truly yours,

Hugh Archbald.
