My Dear Madam.

Am replying to yours  
of recent date in  
regard to the Lincoln  
letter to Mrs Dixby  
dated Nov 21-1864.

This letter is now in  
the hands of a  
great grand daughter  
of its recipient. as  
to its authenticity it  
seems there should  
be no question as it  
has been found for  
an generation to another

and has been framed  
for many years so  
is in a good state  
of preservation should  
you care to further  
interest yourself  
you may address  
Mrs Mary Wood  
29 Main St

Winthrop  
Maine,

Thanking you for  
your trouble in  
answering my last  
letter I remain Truly  
Yours  
Wm A Robinson

Perre Mass.

P.S

The letter has never  
been placed before  
collectors, as it was  
only recently recovered  
from an attic used  
for storage and  
had apparently  
~~been~~ forgotten by  
present generation.

Until recent discussion  
caused by current  
articles in regard to  
values placed on  
memoirs of Lincoln.  
which caused its  
being recovered
