Dear Mr. Galey:

Thank you for sending me this clipping on the Supposed Trial of Lincoln in 1827. Somewhere I have quite a bit of material on this episode, but it came to me second hand and I have never been able to get documentary proof that seemed satisfactory. If you do make a photograph record I shall be glad to see what you get and also to find how trustworthy you consider the local authorities.

Thank you for remembering me

Very sincerely
