My dear Mr. Griffith:

Thank you for your letter of October 19th. It would have had an earlier reply but that I have been out of town.

You speak in this letter of having prepared a lecture - a Gettysburg speech - a lecture which has never been published. I would be glad if I could get a copy of it for my file. Would you be willing to have it copied at my expense?

I am looking forward to the copy of the Wisconsin Review containing your article.

With all good wishes

Very sincerely

Mr. Albert H. Griffith
