Miss Ida M. Tarbell,
New York City
130 East 19th St.,

Dear Miss Tarbell:

I am still remembering
your visit to Detroit last February;
the splendid address in the Town Hall
series; your autographing the volume
for me and your going to see my
little window. It was indeed
for a number of us Detroiters a high
day!

When you left us you
took my address telling ^{me} you
wished to send me a recent
book of poems or lineations which

you need inscriptions for me.
you are a busy person - too
busy to keep up with the many
letters you make and the con-
tinuous demands made upon
you. Therefore here you do so
much need ^{do it} so need. If however
you find the time to send
me the little book (as was it
little, or is it) I am not - whether
it is my appreciation of ~~the~~
book will be very great. And
I will add it to my fine collection
with pride. You
will forgive me for reminding you
because of my interest in letters
and the high talent & place

on your great contribution to
file color literature.

Most sincerely yours
