Miss Ida Tarbell
Banca Commerciale Italiana
R o m e

Dear Miss Tarbell,

Your favour 9th inst. to hand.

I am very glad of your kind appreciation
of the visit you recently paid us.

As to the working of the Italian law govern-
ing the relation between capital and labour, it is my
opinion that only in the next future it will be
possible to collect some statements.

When possible, I will not forget your request
and I hope you will let me know your home address.

With kindest regards, sincerely yours,

A. Santini
Secretary

P.S. = I note that you are leaving for France and that
for the present your address is: Banca Commerciale =
Rome.
