Mr. John S. Phillips, Pres.,
The American Magazine Company,
341 Fifth Ave.,
New York City.

Dear Sir:-

The writer has read with considerable interest, Miss Tarbell's serial, "The American Woman" which recently appeared in your magazine, and judged therefrom that you would not be averse to considering the publication of an article written in the interest of the cause of WOMAN SUFFRAGE.

A few months ago, a writer of no mean ability approached us with a proposition whereby he believed it within the bounds of reason to persuade the voters of every State in the Union to grant WOMAN the right of EQUAL SUFFRAGE. He predicts that not later than 1916, providing his line of thought is carried out, WOMAN will have succeeded to her just rights.

His idea and scheme appealed to us from the first and after weighing the matter carefully, and inasmuch as the scheme requires a vast amount of printing, we closed a contract with him to float the whole proposition.

ALL AGREEMENTS ARE CONTINGENT UPON STRIKES, ACCIDENTS, DELAYS OF CARRIERS AND OTHER DELAYS UNAVOIDABLE OR BEYOND OUR CONTROL.

The Cargill Company

J. S. P. #2. 8. 1. 10.

We have made quite an extended investigation as to the condition of the public mind and are surprised to find how many people, both male and female, are not only interested but are in hearty accord and sympathy with it. The Western, or rather the Chicago leaders of the cause, claim a National membership of very close to One Hundred Thousand and estimate they have a following of sympathizers in the neighborhood of half a Million.

Several magazines have given quite some space to the subject and there is hardly a day goes by without some mention of it(either in this or some foreign country) by the leading metropolitan newspapers, all of which makes us feel that now is the psychological moment to launch a campaign of this character.

To do this successfully, we want the co-operation of a leading magazine, the policy of which would not be"jarred" by entering heartily into the proposition and to such an one we believe we can more than double their circulation.

If you would be interested in listening to the proposition, our Mr. Smith will call on you in the course of the next week or ten days and explain everything in detail.

Yours very truly,

THE CARGILL COMPANY.

C. C. Cargill
Pres.
