Dear Mr. Hoan:

I have just received from Mr. James Lipsig the copy of the letter sent to Lincoln in January 1865 by the International Workingmen's Council signed by the Corresponding Secretary of the Association in different countries - Karl Marx signing for Germany.

I am sure this gives the basis for the statement in your pamphlet. I felt sure there must be some authority of some kind somewhere. I am very glad indeed to have it run down to the proper source. In this research you deserve the thanks of Lincoln students.

I am thanking Mr. Lipsig for the trouble he has taken in writing me.

I hope, dear Mr. Hoan, that your holidays will be happy.

Very sincerely yours

L^a
