Miss Ida M. Tarbell,
Powhatan Hotel,
Washington, D. C.

My dear Miss Tarbell:-

Had a telephone conversation with your sister the other day. I came near coming down to Washington with a whole program of motion pictures with the intention of securing your endorsement.

Our picture scheme is working out in a very satisfactory manner. We have secured fine letters from leading clergymen, also one from Dr. Henry Smith Williams, and we are using the same in our advertising folders.

You will note from the stationery our address and I hope when you come to town you will let me know of your arrival so that either Mr. Kelly or myself may get in touch with you, as there are several things concerning which we wish to talk to you.

With love,

Louis
