My dear Miss Tarbell:

I write to thank you for your promise to speak to us over the radio on June 6th at 4:45 p.m. The talk should be fifteen minutes in length. You are scheduled over WJZ from the National Broadcasting headquarters, 711 Fifth Avenue, (corner of 55th Street).

I inclose herewith the stenographer's report of the talk which you made for us at our annual meeting. I send also the printed report as it was given in our bulletin, which naturally was somewhat shortened from the original. I am inclosing also some recent literature concerning the League and some typewritten material concerning the work of our Employment Exchange, which I think you may be interested to see.

I cannot tell you how grateful I am for your cordial response to my request to help us again at this time.

Yours cordially,

Stella A. Miner

Director
