New York City, N. Y.

Dear Miss Tarbell:

Lambda chapter has not heard from you concerning your contribution to the magazine which Lambda chapter is publishing in commemoration of the 31st birthday of Theta Sigma Phi. In your last letter you promised us a contribution if you had time to prepare one for us or to secure us the rights to print something which you have already published. We are very anxious to have you represented in our magazine, and are looking forward to receiving something from you.

We understand, however, that you are not in the best of health, and we do not want to rush you or trouble you if you are not well. All of the girls in Lambda chapter are looking forward to receiving something from you, though, and we all hope that you can send us something.

The magazine goes to print the last of April, and we would appreciate it very much if you could send us your contribution as soon as possible. We are all anxious to hear from you soon.

Cordially yours,

*Barbara Louise Meyer*
