

My dear Miss Prebell,  
Such a pleased  
person I am to have  
the loveliest photograph  
of you I have seen (not  
excepting the one our  
President has!) I do  
appreciate your sending  
it.

It was good to hear  
you were not more  
tired after the busy  
days in Titusville

and Messville.

I have written Venango Inn, after conferring with Pres. Jolley, and shall write you soon regarding final arrangements. On the days you are teaching you will eat on the campus we hope. A tray could be served in my apartment when

you wish to escape the larger group in the dining room.

Last week I attended the National meeting of the Deans Association at Cleveland. They were very stimulating and again I feel there aren't enough hours in the day. I am sure no other college offers a dean any finer

2010. The KRM. Fairbell Collection, 1890-1944, Allegre, Fern, Allegre, Pelletier

opportunities than  
Allegheny College.  
If only I can prove  
capable of utilizing  
them for leadership!

All good wishes to  
you.

Sincerely yours,  
Paula Skinner

Meadville  
March the first.
