

Arizona

March 25, 1932

Senator Henry F. Ashurst
United States Senate
Washington, D. C.

My dear Senator Ashurst:

I want to thank you for your letter of March Fourteenth and for the documents and pamphlets on the Colorado River which you consider valuable in a study of the Hoover Dam and the All-American canal. This material has just reached me and I shall give it as early attention as possible.

I do not know that I shall ever be able to write anything which will really be of any importance but there are various phases of the subject which seem to deserve larger public attention than they have yet received.

Thanking you again, my dear Senator Ashurst, for your kindness in granting my request for materials, believe me

Very sincerely yours
