Dear Bird Warter:

A thousand thanks for your telegram. It was good of you to send it from way down there. I have had so much fun over being eighty that I want Essie to be showered under, too. Her birthday comes on December third as I expect you know. And you have her address - 173 Rockland Avenue, New Dorp, Staten Island.

You will say this is carrying coals to Newcastle. I suppose it is, but I wanted to be sure that she heard from you. She has always loved you so much.

I hope I shall see you and Frances Crook soon

Affectionately
