My dear Mr. Murray:

I have your letter of December 9th in which you ask if I could take care of certain material of the Fosdick Commission and do you a manuscript on "Social Infection and the Churches."

I am certain that it would be an interesting piece, and, if properly done, of value. However, I am not free to undertake it. I am sailing the first of January, and will be some five or six months on the other side. I do appreciate your thinking that I could do the work satisfactorily.

Very truly yours,
