ELBERT A. WICKES, MANAGER

SPECIAL LECTURE TOURS

442 LITTLE BLDG. 20 BOYLSTON STREET BOSTON
TELEPHONE BEACH 9901

July 10, 1922.

Miss Ida Tarbell,
120 East 19th St.,
New York City.

Dear Miss Tarbell:

I wish to thank you for your very fine letter of July 6th. We surely will submit all dates to you for your approval before attempting to make them definite in any case with committees.

Regarding the engagement at Pleasantville New York, as our schedule now stands we will have the programs there the 23rd of December, the 1st of January, and the 10th of February.

Now if there is any time you can select a Friday, preferably, at least a month, perhaps six weeks, away from one of those dates I am sure it will be quite satisfactory. If you will suggest a date I will immediately take it up with the committee.

Regarding the Old South Forum, I understand indeed your desire to co-operate with them. If you have no objections I would be glad in case you wish to make a special engagement for a Forum at any time, if you would let us handle the record of it through the office, and where it is at practically no fee as in the case of the Old South Forum, we will be glad to do it without any recompense to ourselves whatever.

Our only purpose in making that suggestion is that our representatives are constantly besieged for all sorts of special price engagements, including calls from Forums, which cannot be arranged in justice to the lecturer, and as they are referring to our having exclusive lecture management for our lecturers it is a bit disconcerting sometimes to make proper explanations where outside arrangements are made.

Miss Tarbell,--

July 10, 1922.

We will be very, very happy indeed to
lend every bit of co-operation to you at any time
regarding any personal dates you wish to make.

Cordially yours,

COIT-ALBER PLATFORM SERVICE
