

The Nest at Rensselaer

April 12, 1921

Dear Miss Tarbell,

I had given your name
to the Committee calling a meeting
for Friday - Apr. 15 - 4 p.m. at
Amer. Museum of Nat. History -
of the intimate friends of Mr.
Burroughs - to form a memorial
Garden - but did not know
your address - I saw comes
your letter.

I can't answer it. I hope to be
at the meeting, & hope you
will be well enough to

be there, & that I can see
you later. I want to stay
over for that week - and, but
so many things are pressing
I don't know that I can.

I want attempt to answer
your letter. Your understanding
sympathy is very dear.

We have often regretted that we
had not seen you these later
years, but knew the War &
other things were absorbing
you. It is only comparatively
recently that I learned
you had lost you

(April 3)
mother. If you only could have been
at Roxbury! You will come there again
some day. You will always find him
there — he is in the rocks & trees & bird
songs, & the pastures that he loved.

I treasure your long ago visit in my heart,
as did he — that & your abiding friendship.

Sincerely yours,

Clara Barrus

I shall be at my brother in law's -

Dr. J. D. Johnson - 130 West 104th.
