

Allegheny College Alumni Association

MEADVILLE, PENNSYLVANIA

April 19th 1927.

My dear Miss Tarbell:

Your acceptance of the place as chairman of the Committee to try to put a window in the rebuilt Stone Church in honor of Dr. Hamnett is received. The letters will be multigraphed and sent on to you to mail as soon as we can get them done. Mr. Ridge has consented to act as treasurer.

Commencement is from Friday night, June 17 ^{thru} to Tuesday June 21. The Bulletin that is being prepared now will give more details about it and a letter with the ballot mailed this week will also bring some information.

Miss Lillie Hamnett is about the same and has the tenacity and resistance of her father and so is a greater sufferer than a weaker person would be.

You will be notified when the letters are sent and we all hope for a generous response to this worthy project.

Sincerely yours,

Edith Rowley.

The forsythias on the Campus is the loveliest it has ever been and violets are coming out here and there.
