

III. WORKING CONDITIONS

1. Prohibited occupations.- Women must not be employed in occupations involving the use of poisons which are proved to be more injurious to women than to men, such as certain processes in the lead industries.

IV. HOME WORK

No work shall be given out to be done in rooms used for living or sleeping purposes or in rooms directly connected with living or sleeping rooms in any dwelling or tenement.

V. COOPERATION OF WORKERS IN ESTABLISHING STANDARDS

The responsibility should not rest upon the management alone to determine wisely and effectively the conditions which should be established. The genuine cooperation essential to production can be secured only if provision is made for the workers as a group, acting through their chosen representatives, to share in the control of the conditions of their employment. In proportion to their numbers women should have full representation in the organisation necessary.
