Chicago, Illinois -

The Society for Visual Education, Inc., is pleased to announce the publication of a pictured life of Lincoln. The descriptive notes accompanying the PICTUROLS contain an unusual amount of helpful information by a competent Lincoln scholar with abundant references for study. The pictures have been carefully chosen to illustrate the most significant events in the life of the great President. Few of the illustrations used appear in any text book, and no published volume on the life of Lincoln includes any appreciable number of them. The PICTUROLS and MANUALS together, constitute a complete and stimulating means of studying the life of Lincoln.

This series is earnestly commended as an effective and illuminating presentation of the greatest character of American History. Nowhere else will the teacher find so much exact information concerning Lincoln attractively and conveniently presented.

FOR THE TEACHER OF HISTORY.....
AND FOR ALL STUDENTS OF THE LIFE
OF ABRAHAM LINCOLN, THE PICTURES, MAPS AND ACCOMPANYING DESCRIPTION OF THIS SERIES AFFORD AN INTERESTING WAY OF LEARNING DEFINITELY THE ESSENTIAL FACTS OF THE LIFE OF LINCOLN.

The PICTUROLS of this series present the most striking events of the ancestry and life of Lincoln in careful chronological sequence, with abundant maps so that each place mentioned may be located. References are given in the Syllabus which accompanies each PICTUROL, to standard biographies of Lincoln, so that the teacher or student may readily find material for further study of the subject under consideration.

Every place of importance in connection with the life of Lincoln mentioned in the Syllabus has been visited by the author of this series, and many photographs of merit are here published for the first time.

In addition to the photographs the series contains reproductions of rare engravings, letters and lithographs, which are here collected in convenient form for study.

This series of PICTUROLS is designed not only to entertain but also to stimulate serious study. They divide the life of Lincoln in periods which are at once chronological and geographical, so that the student may form a clear picture of what Lincoln was doing at each period of his life and where he spent it.

No book published gives so much valuable material arranged in form to meet the needs of the school room. The teacher will find in these PICTUROLS a real help for a thorough and enjoyable study of the most interesting and fascinating character of American History.

Educational and religious institutions are urged to add the entire set to their film slide library, although separate rolls will be offered. A life of Lincoln in pictures becomes available, which is of permanent value and indispensable for the teacher who demands the best and most efficient helps.
