

November 23, 1935

Dear Mr. Merowit:

I have your note of November sixteenth suggesting that I plead for less noise on the ground of neighborliness. It certainly is a strong argument, but it would all depend of course on the way it was done, and at the moment I have not the time to consider it. I shall keep it in mind and if something should jell I will send it to you. In the meantime the best of success to you.

Very truly yours

Mr. Clement E. Merowit
