RUDOLPH WEAVER, DIRECTOR

GAINESVILLE

My dear Miss Tarbell:

Your well known interest in the development of Florida leads me to think that you may possibly care to see the plans for the proposed development of the University of Florida, which I am making and which I would be glad to show to you. These plans are to cover the development which we think may take place within the next generation.

Should you care to see this development, it would give me pleasure to call for you by car and take you to the University, where the work is being done.

Very truly yours,

Rudolph Weaver
