

April 7, 1934

Dear Mr. Hutchinson:

It was thoughtful of you to send me this clipping in regard to this German campaign life of Lincoln that Paul Angle has discovered. I am always grateful when my Lincoln interests are considered and particularly when it comes from an Alleghenian. You see I am getting my little Lincoln collection into shape to place with the College one of these days. It is not large, but I want to make it a fairly good working collection and I am always glad to have the help of Allegheny people. So thank you for your letter.

Very truly yours

Mr. J. B. Hutchinson
